Contact details:

- Kari Mikkela, Urban Mill, Executive producer, kari.mikkela@urbanmill.fi, +358 50 500 4048
- Lars Miikki, Urban Mill, Producer, lars.miikki@urbanmill.fi, +358 40 503 6630

The delegation has defined the following main target of their visit:

- to see the up to date of the University changes in relation to the 4th industrial revolution, which includes the university innovation ecosystem and start up community with local governments.
- to build cooperative partnership with universities and science parks

They want to focus on the example of Espoo Innovation Garden - Aalto University and Otaniemi innovation Ecosystem.

The presentations and discussions will showcase lessons learned and best practices on the topics such as:

- The roles of City of Espoo, Aalto University, VTT and EIT - and their collaboration in UN SDGs, service offerings, innovation , entrepreneurship and digitization
- Co-creation of smart city concepts, Public-Private-People Partnerships (Quadruple Helix) and communication, cooperation with universities, research institutes and entrepreneurs, involvement of residents in the affairs of cities and research
